

June Decluttering Challenge

Tuesday: Garage

TO DO LIST

- Sort all items into categories
- Throw out expired, broken and unsafe items
- Add shelving (see product recommendation)
- Create zones: "lawn and garden", "sports equipment", "tools", etc.
- Always use sealed containers (clear whenever possible) and label them!
- Add a slat wall to get things off the garage floor (see product recommendation)

Note: Realistically, this may take a weekend to complete. So don't feel like you have to finish this in one day.

PRODUCT RECOMMENDATIONS:

- Home Depot HDX Shelving: <http://tiny.cc/43jsuz>
- Home Depot Steel Wire Shelving: <http://tiny.cc/53jsuz>
- Home Depot Slat Wall: <http://tiny.cc/73jsuz>

SMART TIP:

Avoid stockpiling boxes and packaging. Space is valuable so do not keep things you anticipate needing.
