

June Decluttering Challenge

Friday: Fridge

TO DO LIST

- Remove expired food and then group like items together
- Get rid of packaging and opt for clear bins (see product recommendations)
- Top/middle shelves store snacks, dairy, prepared meals and leftovers
- Bottom shelf is best for large, heavy items as well as meat, fish and milk
- High humidity drawer is for leafy greens and the low humidity drawer is for products that rot easily
- Door is best for long lasting products, jams and drinks
